Subject: Construction Contract N40085-06-C-3279, Replace Roof – Buildings 101 & 109  
Construction Contract N40085-06-C-3280, Replace Roof – Buildings 213 & 509  
Construction Contract N40085-06-C-3282, Replace Roof – Building 12

Gentlemen:

The Government would like to congratulate you and express our sincere gratitude for an outstanding performance in completion of the roof replacement projects referenced above. The efforts of your organization, including your office management, field personnel and sub-contractors, reflect excellent team players that show dedication and professionalism to provide the highest quality in project execution.

One major factor that made the performance outstanding was the significant leadership qualities of your Quality Control Manager, Donald Pitts. Don's outstanding professionalism, organizational skills, integrity, responsiveness, and unwavering dedication to excellence has resulted in completion of the projects ahead of time and with quality workmanship.

Additionally, his knowledge and specific understanding of construction site safety requirements is beyond reproach and we commend him in this area. He is an invaluable asset to your company.

Again, we congratulate you on your outstanding performance and wish you continued success for your esteemed organization.

Sincerely,
